

# COUNTERING RADICALIZATION AMONG WOMEN IN JALAL-ABAD AND CHUI OBLASTS

MUTAKALLIM

 KYRGYZSTAN

 12 MONTHS

## OVERALL OBJECTIVE

To prevent the risk of radicalization among women in the target communities in the two regions of Jalal-Abad and Chui.

## OUTCOMES

- 1 100 women of the target communities will gain a better understanding of the risks of violent extremism, of means of prevention, identification and reaction to extremism in local communities and will strengthen their leadership capabilities.
- 2 20 women leaders, 2 LSG and 4 local community representatives will be provided with specific tools (clinical protocol and guideline) to prevent radicalization.
- 3 Women of the target communities will share information, experiences, gain self-confidence in their abilities and enhance their status in the family through the participation in information outreach, discussion clubs and income generating activities.

### PRELIMINARY ACTIVITY

*Baseline research to assess how knowledgeable women and youth of the target communities are on radicalization and violent extremism, risks, means of prevention, identification and reaction to extremism. Socio-economic situation of the target groups will also be assessed.*

## ACTIVITIES

1. **Capacity Building Program**  
*for 100 women from target group on prevention of extremism, terrorism and conflict prevention and mediation, women's leadership and Islam and Gender*
2. **Mechanism Establishment**  
*for identification, response and prevention of radicalization, through the empowerment of 20 women leaders (atynchi), 2 LSG and 4 local communities' representatives.*
3. **Activation of Two Resource Centers**  
*in Mutakallim premises of Jalal-Abad and Bishkek cities, where different kinds of activities of prevention against radicalization, such as information outreach, discussion clubs and income generating activities, will be organized on a routine basis.*
